The eligibility and distribution rules for the JINORA Rank Achievement Bonus shall be governed by the table provided above.

To qualify for this bonus, the required rank achievement must be completed within the same calendar month. If multiple Rank Achievements are achieved during the same month, only the highest eligible Rank Achievement Bonus will be awarded.

Each group of three (3) eligible Rank Achievers must belong to the same qualifying rank. Such a group shall be counted only once and only for the nearest first qualified Upline Leader. Once a group of three Rank Achievers has been used to qualify and reward an Upline Leader, the same achievers cannot be counted again for any other Upline Leader. Any subsequent Upline Leader must qualify by developing three (3) new eligible Rank Achievers.

Each Rank Achievement Bonus is payable only once for each rank. Once a user has received the Rank Achievement Bonus for a particular rank, the same rank bonus cannot be claimed again, even if the qualification criteria for that rank are fulfilled multiple times.
